

# Technical datasheet

## WOR-L-935-1-WAS-BL

### Product description

Modern recessed lamp with excellent lighting properties. Suitable for lighting offices, corridors and design spaces. The lamp uses the most modern LED technology, which makes the lamp powerful and economical.

**LED**    220-240 V    IP20                UGR < 19    CCT 3500 K    CRI 90+

### Product technical data

Mains voltage                      220 - 240V AC, 50/60Hz

Connection method                Screw terminal

Dimming type                        Non-dimmable

IP rating                                20

Protection class                    II

Ambient temperature              0 to +25 °C

Light source                         LED

Colour temperature                3500k

Color rendering index              90

Rated luminous flux                1,186 lm

Connected load                    13.09 W

Luminous efficacy                 90.6 lm/W

Ripple                                 1 %

Inrush current                      10 A

Inrush time                         200 μs

Optical system                      Lenses

Optical part material              PMMA

Housing material                  Steel

Surface finish                        Powder coated

Width                                 71.00 cm

Height                                41.00 cm

Length                                340.00 cm

Weight                                0.75 kg

Service lifetime (L80 B10)        50 000 h

Warranty                              5 years
